MODULAR SOFA SYSTEM

DESIGNED BY
NØRGAARD

LUCCA

We know that your sofa is not just a piece of furniture but a place for getting together and creating memories as a family. That is why we focus on creating sofas that are not just beautiful and functional, but also make for the perfect lounging space for you and yours. A sofa is the space where you enjoy time together with your loved ones. It is a space to be filled with happy memories. We understand it needs to be a piece of furniture you absolutely love.

GET INSPIRED AND REIMAGINE YOUR HOME

Leather is loved by many for its flexibility and durability. Full grain leather has two finished product types; aniline and semi-aniline. Aniline leather is the most desirable finish in the manufacture of leather. Semi-aniline has a thin protective coat, which shields it from staining and wearing out.

The Brema fabric is distinct in appearance; woven from thick threads but with a lot of elasticity to it. It consists of yarns in weave form which are then passed through one another.

Adore - very soft in appearance this plain velvet fabric has a glamorous feel. Like the name implies this is a fabric you will simply adore.

We use a variety of beautiful fabrics, from slightly coarse weave, and stain-resistant tweed to very soft luxurious velour. We have a wide selection of legs, from simple straight to angular shaped, available in metal or wood. Our high quality sofa cushions are available in standard soft and super soft.

MEET THE DESIGNER

Anders Nørgaard graduated from The Royal Danish Academy of Fine Arts in 1989. In 1994 he established the company Nørgaard Design, which has now grown into a recognized Design studio, working with both Danish and International clients. Nørgaard Design has its roots in the tradition of Scandinavian Design that balances aesthetics and functionality. By combining these values, Anders and his team creates design that can easily be integrated into various lifestyle and usage situations, while not compromising on the expression of detail and the functionality of the product.

CREATE YOUR SOFA

Our Lucca modular sofa program provides a great number of combination possibilities. The modules can be used to configure sofas, from a small two seater sofa to a very large design with corners, open ends and chaise lounge modules. Lucca offers two different seat depths of 580 mm and 700 mm. The cushions are available in soft and super-soft, and by using our different leg heights you can further customize your seating preference and create the expression you desire. This way our wide scale of surface possibilities and legs options and the endless choices you have to make are made easy for you.

2 CHOOSE COVER

Consider other colors and interior schemes in your home when choosing the sofa cover. You can match your sofa to other furniture exactly or contrast against them. We have a wide variety of fabrics and leathers available for you to do that. Choose vibrant or neutral tones, decide on the right texture for your room, and pick the perfect cover for your new sofa.

3 SELECT COMFORT

Choose from two basic cushion comforts:

SOFT

no. 1.2 [HR FOAM]

SUPER SOFT

no. 2.2 [HR FOAM]

At KEBE, we use only high-quality open-cell foam (**HIGH RESILIENCY - HR Foam**). This dynamic foam bounces back exceptionally well, and its cellular structure provides great flexibility and optimal support.

Upgrade the basic version with a feather filled top layer.

COZY

no. 1.1

SUPER COZY

no. 2.1

PREMIUM

no. 3.1

SUPER PREMIUM

no. 4.1

The **FEATHERS** used in our Lucca sofa cushions are certified and prepared after worldwide standards, cleaned and sterilized. From biologically safe and epidemiological free zones only. Recycled washed white duck feather (WDF) size 4-6 cm – feathers are washed with APEO/NPEO free detergents.
